CAREER OBJECTIVE

Aspiring Data Scientist with a foundation in Python, SQL, data analytics, visualization, statistics, and machine learning. Currently pursuing a Bachelor of Computer Applications and developing practical skills through hands-on Data Science with AI/ML training and projects. Seeking opportunities to apply data-driven problem solving while continuing to grow in Data Science and AI.

EDUCATION

Srinath University, Jamshedpur — Bachelor of Computer Applications (BCA), Pursuing | 2027

Ghatshila College, Ghatshila — Intermediate (Science) | 2023 | 74%

Saraswati Vidya Mandir, Musabani, Jharkhand — Matriculation (10th) | 2021 | 88.40%

EXPERIENCE & TRAINING

Vizztal Academy, Adityapur, Jamshedpur — Data Science with AI/ML | Currently pursuing

- Hands-on training in Python, SQL, data analysis, Power BI, and foundational machine learning.
- Practical work with NumPy, Pandas, and Matplotlib for data manipulation, analysis, and visualization.
- Developing practical understanding through data science and machine learning projects.

TECHNICAL SKILLS

- **Programming:** Python, C, C++, Java
- **Data Analytics & Visualization:** Excel, Power BI, NumPy, Pandas, Matplotlib
- **Data Handling:** SQL, Basic Database Management
- **Machine Learning & AI:** Foundational machine learning and model-building concepts
- **Web Technologies:** HTML, CSS
- **Tools:** Power BI, MS Office

FEATURED PROJECT

Customer Churn Prediction — Machine Learning Web Application

- Built an ML-based web application to predict whether a customer is likely to churn using customer profile, service, contract, and billing information.
- Worked with Python, Pandas, Scikit-learn, machine learning, and Flask for the application workflow.
- Live Demo: <https://customer-churn-prediction-1ivq.onrender.com/profile>
- GitHub: <https://github.com/chhabinath-gope/customer-churn-prediction>

CERTIFICATION & COURSES

Data Science with AI/ML — Vizztal Academy | 2025

- Hands-on training in Python, SQL, Data Analysis, Power BI, and foundational Machine Learning concepts.
- Practical experience with NumPy, Pandas, and Matplotlib for data manipulation, analysis, and visualization.

LANGUAGES

- English — Intermediate (Read, Write, Speak)
- Hindi — Fluent (Read, Write, Speak)
